Welcome!

Welcome to URBN! We’re excited to be working with you and look forward to our partnership.

This document will provide much of the information you’ll need to get started as a vendor with URBN. We’ve focused on the most important aspects of working with URBN. You will also find more detailed information on the vendor web-site at www.urbnvendor.com. The website will always be updated with the most recent information and requirements, so be sure to check back when you receive our update notifications, and through communications with your buying and production partners.

This document will provide you with a high level overview on the following key areas. Please be sure to familiarize yourself with this information.

- Registration
- Order of Business: What to expect
- Tradestone PLM / PO management system
- Ticketing / Labeling
- Routing / Shipping

UK Vendor On-Boarding Addendum*

*The following 8 slides provide vendors who have orders that will be shipped to the UK, with a high level overview of the requirements that are unique to the UK.
Purchasing Tickets and Labels

EU Print Centre

- URBN UK has in place its own print centre. The print centre can service all of our UK, European and Overseas vendors for Urban Outfitters and Anthropologie, delivering product into the URBN distribution campus in Rushden, UK.

- The print centre will provide our vendors with bar coded price tickets and labels for our Retail and Direct Channels.

- Your buyer will indicate on the purchase order that the merchandise is to be ticketed / labelled.

- Your buyer will be responsible for completing the ticket request information when raising the purchase orders. This information is passed directly to the UK print centre.

- The print centre will then print the tickets / labels and send them to you. The program is designed to expedite receipt of your tickets / labels.

- Please allow 2 working days for printing and up to 5 days for shipping, from the time that your order has been issued.

- The vendor will be responsible for the cost of the tickets / labels and the cost of freight associated with the delivery. Lost or damaged tickets will be the responsibility of the vendor to replace.

- The vendor will be billed directly for the tickets / labels and is responsible for paying the invoice provided by the UK print centre. A copy of the invoice will be sent through by email. Payment terms are 30 days. Please reference the invoice number on your payment.

- All accounts that exceed 60 days past due will be placed on hold. No new orders will be released for printing until their past due balance is paid in full.

- You can check the status of your account by contacting the print shop administration team at Rushdeninvoicing@urbn.com or by phone on 01933 661645
